

WSU Low Brass Class 2020

**Remote Teaching Project**

This Project is worth 15% of your grade

Assignment:

**Partner up with someone else from class and teach them a 30 minute online trombone lesson** using Zoom (suggested), Skype, Facetime, or a similar service. Take them through some warm-ups from the packet and coach them on one of the “Playing Check In” assignments. **Additionally, receive a 30 minute lesson** from them on the same material. You should experience two lessons: one as a teacher and one as a student. Make sure to watch the Zoom Tutorial video on my website.

**Write approximately 500-750 words** describing what you did (both technically and pedagogically), how well it worked, and what you might try differently in the future. Additionally, discuss the pros and cons of teaching virtually (are there any pros??).

Please be sure to proofread, spell check, and write to a level that is consistent with undergraduate standards at WSU.

Email me your completed assignment by 11:59 PM on 4/17/20. There is no need to submit videos of your lessons.
